MEMORANDUM FOR: Deputy Director (Support)

SUBJECT : Inspector General's Survey of the  
Near East Division

1. The Inspector General's Survey of the Near East Division, issued in April 1960, contained four specific recommendations for action by the Deputy Director (Support). These were in addition to recommendations for action by Support units in the Near East Division, and were as follows:

a. Recommendation 17 - That the Deputy Director (Support) review the Agency housing programs and initiate appropriate revisions of [REDACTED]

b. Recommendation 18 - That the Deputy Director (Support) direct that a survey of the [REDACTED] program be made, and that the Agency policy with respect thereto be clarified.

c. Recommendation 19 - That the Deputy Director (Support) undertake to develop Agency authority to reimburse employees and dependents for any travel required to reach adequate medical facilities, whether or not hospitalization is ultimately needed, when there is a reasonable presumption that such medical care may be needed.

d. Recommendation 29 - That the Director of Logistics undertake a survey of all housing leased or built for the Agency by [REDACTED] and, in coordination with the Comptroller, negotiate an agreement to eliminate duplicate reimbursement.

2. In his response to the survey report the Deputy Director (Plans) concurred in these recommendations, and they have now been approved by the Acting Director of Central Intelligence. It would therefore be appropriate for you to undertake the proposed studies and forward a report of your findings and recommendations to the Director.
